

# If we're not open and your pet has an emergency situation such as:

- \* A Broken Leg
- \* Severe Vomiting
- \* Severe Diarrhea (bloody)
- \* Swallowed something toxic or something that you think might be poisonous (contact poison control and/or go to an emergency clinic)
- \* Swallowed Human Medications (contact poison control and/or go to an emergency clinic)
  - \* Not Eating
  - \* Not Urinating
  - \* Bleeding uncontrollably

**These are just general guidelines.  
Emergencies are not just limited to these suggestions.**

We recommend both emergency hospitals as they are both open 24 hours, 7 days a week, & 365 days a year.

**AVETS** (Monroeville area)  
412-373-4200
